

The New Runway at Clow Airport from Concept to Finish Line

You've seen runways, perhaps landed on more than a few or lived near them...

Ever wonder what it takes to build one?

Come to this special presentation, hosted by the Chicago Area Chapter of the 99s (International Organization of Women Pilots), where Clow International Airport Manager Joe DePaolo will present the story of their new runway, the first complete rebuild of a general aviation runway in the Chicago area in many years.

Whether you're a member of the aviation community (pilot, aircraft owner, controller, mechanic, FBO owner, or business owner), of the general community, or have simply been interested in what's involved, you'll want to hear this informative talk!

Directions: Fly-in or Drive in for this event!

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
